

Better Knowledge of Locating

(2-year locating certification course)

July 30th & 31st, 2020
Clemson University

Tracer Electronics LLC is working closely with Impulse Radar and Vivax-Metrotech to provide a comprehensive and thorough utility locating course. This two day training course meets the equipment manufacturers training standards to ensure that the user demonstrates knowledge, skill and understanding in applying Electromagnetic locating and GPR, safely and professionally to successfully locate underground utilities accurately and reliably. Some equipment will be on hand for students use, however we encourage students to bring equipment.

Day 1: Thursday (7/30/20) - 8:00 am - 5:00 pm

- EM Locating Theory
- Technical Aspects
- What is a locating signal
- Bullet Point Troubleshooting
- Students will receive hands-on EM experience. Students are welcomed to bring their own EM locator.

Day 2: Friday (7/31/20) - 8:00 am - 11:45 am

- GPR Theory
- Factors affecting target detection
- Data interpretation
- Students will receive hands-on GPR experience. Students are welcomed to bring their own GPR cart.
