

Advanced Utility Locating & Mapping

**August 15th, 2024
Charlotte, NC**

Tracer Electronics LLC is working closely with Impulse Radar, Vivax-Metrotech to provide a comprehensive and thorough one-day utility locating course. This one day training course meets the equipment manufacturers training standards to ensure that the user demonstrates knowledge, skill and understanding in applying Electromagnetic locating and GPR, safely and professionally to successfully locate underground utilities accurately and reliably. Some equipment will be on hand for students use, however we encourage students to bring equipment.

Thursday (8/15/24) - 9:00 am - 4:00 pm

Subjects discussed:

GPR Theory & Operation.

- Factors affecting target detection and Data interpretation.
- Students will receive hands-on GPR experience.
- Students are welcome to bring their own GPR cart.

EM Locating Theory.

- EM Locating Theory.
- Technical Aspects.
- What is a locating signal?
- Bullet Point Troubleshooting.
- RTK Survey Grade Mapping w/locators.
- Students will receive hands-on EM experience.
- Students are welcome to bring their own EM locator.
